# TROUBLE OVER WORLD'S SERIES DATES

Boston, Aug. 25.—The Boston American League club will refuse to abide by the schedule arrangements for the world series as given out, by President Ban B. Johnson of the American League in Chicago on Saturday, President H. H. Frazee, of the Boston team, the league leaders, announced tonight. President Frazee said the proposal to play the first three ganges in Chicago was unfair to the Boston team. He suggested as an ideal arrangement the first two games, Wednesday and Thursday, September 4 and 5, in Boston, and the next two on Saturday and Sunday September 7 and 3, in Chicago. He did not refer to the other games of the series, if any are required.

"If the Boston club wins the Ameri- REVIEW OF WEEK can League pennant I will refuse to abide by the schedule arrangements

while it has been the custom for the contending owners to toss a coin to decide upon the place of the opening of the series, I do not mind waiving that formality and playing the first two games in Chicago and then coming to Boston for two games. But I absolutely opposed to playing three games in Chicago and then as President Johnson says. 'playing the remaining games if any (whatever that means) in Boston.'

"The ideal arrangement would be to play the first two games on Wednes-day and Thursday in Boston and then the next two, Saturday and Sunday, in Chicago. The schedule as given out by Mr. Johnson will necessitate the passing up of both the Saturday and Sunday dates which I think is a big mistake. The series should so be arranged that each club shall have an equal chance to win. The expense of an extra trip between the two cities should not be considered at all. There absolutely no reason for curtailing

he series. "Secretary of War Baker has given ills official sanction to the affair and the clubs will have until September 15 in which to play the regulation number of games. "I am quite in sympathy with all
